Dear Mrs. Philip,

We have with deep regret learned from your circular of the death of your dear husband, whom we have very much appreciated as a model of honesty and perfection of gentlemanliness.

We shall, of course, be most happy to continue working with your firm, the more that we know Mr. Hartwig very well and his correct business principles, which he inherited from the example of your husband.

Again expressing to you personally our heartfelt condolences, we pray that God may give you the strength to bear the grave loss you have suffered.

Yours faithfully,
LICHTSTEIN & CO. LTD.
