Dear Mr Philip,

I can hardly express how shocked & grieved I was to hear of your husband's sudden death and I can scarcely realise we shall not see him here again. I had known him over forty years and as I think you know there was a deep sense of friendship between us & I shall miss him very much. You will well realise how much I know his loss & my very deep & heartfelt sympathy I send to you & your family.

All the members of my staff here & my son Peter equally share

my sentiments and if any of us can
help you or in any render you a
service please do not hesitate to
ask us.

With my very kindest regards
& most sincere condolences

Yours very sincerely
Rex Poland.
